

# MAITE Y MANUEL

A drawing on a sketchbook  
a big rudimentary line drawing  
come closer  
see the dirt  
you are looking at me  
defects  
spit out read spit out again fuck it up read  
checkmate  
indulge and suffer  
wet dry wet dry wet dry  
forget putting the lid on the pot of paint  
sticky smooth wrinkly gelatinous smelly sexy  
the greatest pleasures often come from the most revolting things  
a badly stretched canvas feels really good  
rotten candy you find on the street a week after halloween

also plastic  
i'm in love with plastic  
paint today tomorrow it's ready  
immediate cheap easy  
it's the year 2025  
i want to do something  
i just want to  
it's a waste of time to try to understand  
you think my painting looks like a comic  
guess what  
i never read one  
but i did watch a lot of tv  
i don't know much about anything really  
but i do know pleasure and feeling
